

REMARKS

Interview Summary Record by Applicant in Accordance with 37 CFR 1.133(b):

This paper is in furtherance to the Examiner's Interview Summary Record mailed on Tuesday 14 September 2010 ("Examiner's Interview Summary"), in reference to telephonic interview held Thursday 09 September 2010.

Applicant agrees with the Examiner's Interview Summary. What follows is Applicant's supplement to the Examiner's Interview Summary, containing all applicable items required by MPEP 713.04:

(A) Brief description of the nature of any exhibit shown or any demonstration conducted: none.

(B) Identification of the claims discussed: all.

(C) Identification of specific prior art discussed: prior art of record.

(D) Identification of the principal proposed amendments of a substantive nature discussed: these are already described on the Interview Summary form completed by the examiner.

(E) General thrust of the principal arguments of the applicant and the examiner: Examiner made a proposal, described essentially as set forth already in Interview Summary form completed by the examiner on 14 September 2010. Applicant did not agree as to necessity to limit R1 to methyl, but otherwise was in agreement with proposal. In opinion of applicant, Claims as proposed by Examiner are reasonably reflective of test results in specification, provided that R1 was not limited to methyl.

Finally, it is noted that all of Applicant's arguments which were submitted in the Second Response After Final, filed on 20 September 2010, are hereby incorporated by reference as if set forth fully herein.

Therefore, it is believed that the record of this application should be considered complete, taking this Interview Summary Record in conjunction with

the Second Response After Final filed on 20 September 2010. A full and complete response to the Final Rejection having been made, allowance of this case is respectfully requested.

SUMMARY

For the reasons set out above, Applicant respectfully submits that the application is in condition for allowance. Favorable reconsideration and allowance of the application are, therefore, respectfully requested.

If the Examiner believes that anything further is necessary to place the application in better condition for allowance, the Examiner is asked to contact Applicant's undersigned representative at the telephone number below.

Any additional fees which may be due for the accompanying response are hereby petitioned for, and the Director is authorized to charge such fees as may be required to Deposit Account 090470.

Respectfully submitted,
